

6th PC3 Meeting of 2018-2019

10 April 2019

Announcements:

1. Sustainability Coordinator position has been created
 - a. The new VP for Facilities will be responsible for hiring this person. This is why there is no job description or posting yet.
 - b. We should get Dr. Shakow, Amy Schratz, and Dr. Potter to write up a description of what it would look like for the coordinator to work with PC3.
2. Search for VP for Facilities
3. Sustainability Council proposal
 - a. Was unanimously approved by the faculty council!

Agenda Items:

1. Pursue Bee campus status
 - a. Dr. Shakow is thinking ahead for her Climate Change course in the Fall of 2019.
 - b. <https://www.beecityusa.org/what-is-a-bee-campus.html>
 - c. <https://beesustainablecnj.wixsite.com/beesustainablecnj> - website a student created outlining the project goals
2. Earth Week updates
 - a. Monday, April 22nd 11-4pm Earth Day Lunch at Eickhoff with specialized menu
 - b. Eickhoff Tableings
 - i. Monday - My Green Idea Sign (on seed paper) and highlight all of Dining's sustainability
 - ii. Tuesday - Water Conservation
 - iii. Wednesday - Energy Conservation
 - iv. Thursday - Food Waste and Reduction - still thinking of ideas
 - v. Friday - Benefits of a Plant-based diet
 - c. For sticker promotion - contact Jessica Claar claar@tcnj.edu
3. Point of Intervention Recycling tour
 - a. Green Campus Map - Radosti and her intern are working on making the icons for the official design of the map.
 - b. Recycle Coach App - DEP
 - i. <https://recyclecoach.com/home.html?prevURL=reminder/reminders.html>
 - ii. Amanda is working on getting us on the app. It outlines what items your municipality accepts for recycling as well as when collection days will be happening.
4. School of Education - Updates
 - a. Cupanion - <http://cupanion.com/>
 - i. This will be the provider for the water bottle component of the approved proposal.
5. End of year tasks

- a. Second Nature reporting - Dr. Potter will be working on this.
 - b. Dorm cleanup
 - i. This event has not been done for the past two years. Man power is a little difficult to get during finals week but we will look into trying again for next year.
 - c. Collection of Terracycle boxes
 - i. A Bonner is working on a procedure to get the boxes re-implemented for the coming semester in collaboration with Amanda Radosti.
 - ii. This procedure should be distributed to other organizations on campus who have worked with TerraCycle - Lauren Madden and Karen Deaver.
 - iii. Amanda will also distribute the procedure through the recycling website and possibly a staff-wide email.
 - d. Giveaway prizes that Bonners can work on obtaining
 - i. Reusable straws, stickers, tote bags, roscoe with recycling shirt (logo), pens, magnet, etc.
6. Other updates
- a. Fall 2019 - ELE/ESE 100 Tuesdays 12:30-3:20pm course being offered titled Environmental Sustainability in Education: An Introduction. It is not specific to minors in the program.
